Activity # 1

Puffy Paint Mood

Materials:

- ½ cup of liquid glue
- 1 cup of shaving cream
- paper plate
- bowl
- measuring cups
- paint brushes
- food coloring-black liquid color, black paint

Instructions:

1. mix 1 cup of shaving cream and ½ cup of liquid glue in a bowl
2. stir slowly (fold the mixture to keep it fluffy)
3. add food coloring a drop at a time to make gray color
4. paint the moon a thick coat of the mixture
5. make craters by dropping marble or large beads
6. let dry

Activity #2

Galaxy Art

Materials:

- **pastels crayons or chalk**
- **black construction paper**
- **paper towel**
- **cotton swabs**

Instructions:

1. We used black construction paper.
2. Have kids decide on a shape for their galaxy, looking at real galaxies for this project helped to inspire the colors and shapes of our galaxy art.
3. Use a pencil to lightly draw in your galaxy spiral or any shape.
4. Pick out your chalk pastel or chalk colors.
5. Color in the center of your spiral with white pastel or chalk.
6. Follow your spiral drawing and draw thick lines with your blue pastel. Do the same with pink and purple chalk pastel, like in the photos above. Remind kids to leave lots of space around the edges of the paper to add in the stars at the end.
7. Blend these colors together with your fingers, a blending tool or a Q-tip. Blend in the direction of the spiral to keep the spiral shape. Remind kids not just take their fingers and smudge the colors all over the page.
8. Finally, take white chalk pastel and dot around the paper, adding in your stars.

Activity # 3

Name Constellation

Materials:

- black construction paper
- star stickers
- white crayon or white color pencil

Instructions:

1. Print your name on the construction paper with the white crayon or colored pencil.
2. Place a star on the end of each letter, this is your name constellation.
3. Add additional stars
